Qilive

Qilive ActivityTracker

Description

This is the official Qilive bracelet application.
Qilive bracelets record every step you take, showing whether you reach the 10,000 steps a day as per recommendations.
This application can analyse your activity as well as your sleep.
You can share your performance on social media such as Facebook, Twitter, Dropbox and Google+.
This application is suitable for Qilive connected bracelets Q.4903 and Q.4049.
